COMPLYING WITH THE DRUG-FREE SCHOOLS AND CAMPUSES REGULATIONS

[EDGAR Part 86]

A Guide for University
and College Administrators

U.S. Department of Education

The Biennial Review

The Biennial Review

- ▶ The Drug-Free Schools and Campuses Regulations require IHEs to review their AOD programs and policies **every two years**.
- ▶ The Department of Education recommends that IHEs conduct the biennial review in even-numbered years and focus their report on the two preceding academic years.
- ▶ No specific date in which report is to be filed

The Biennial Review

- ▶ Since regulations began in 1990, common for reviews to be conducted during even years
- ▶ Review report should be completed and filed by December 31
- ▶ Review report should cover the 2 previous academic years

Complying with the DFSC Regulations (2006), p.13

The regulations do not specify a date by which the biennial review must be completed and on file—they simply require that a campus complete a review every two years. Since the regulations went into effect in an even-numbered year (1990), long practice has held that campuses conduct a biennial review by the end of each even-numbered calendar year. Following this tradition and to ensure the production of a useful biennial review in compliance with the DFSCA, good sense suggests that an IHE's biennial review be completed and on file by December 31 of each even-numbered year, and the report should cover the previous two academic years. For example, for the 2006 biennial review, the dates of coverage should include Sept. 1, 2004–Aug. 31, 2005, and Sept. 1, 2005–Aug. 31, 2006.

The Biennial Review

- ▶ The law further requires an institution of higher education to conduct a **biennial review** of its comprehensive program to:
 - ▶ determine its **effectiveness** and implement changes if they are needed
 - ▶ ensure that the **sanctions developed are consistently enforced**

Biennial Review Best Practices

- ▶ Comprehensive program focused on evidence-based strategies of practice and policies.
- ▶ Data collection of students' behaviors and perceptions
- ▶ Program focused on meeting needs of students at various levels (drinkers, non-drinkers, problem drinkers)
- ▶ Creation of a task-force or campus-based coalition
- ▶ Creation of a strategic plan of action

Thorough Biennial Reviews Include

1. A description of AOD comprehensive program/intervention elements and policies
2. A statement of AOD program/intervention and policy **goals and a discussion of goal achievement**
3. Summaries of AOD **program/intervention and policy strengths**
4. Summaries of AOD **program/intervention and policy weaknesses and problems**
5. Procedures for distributing DAAPP Notice to students and employees
6. Copies of the DAAPP Notice distributed to students and employees
7. Recommendations for revising AOD programs
8. Supporting documentation and evidence

HEC Analysis – Model Biennial Reviews

1. Each included materials to compliment the report
2. Each included information on assessment and evaluation of program effectiveness
3. Each detailed goals and goal achievements
4. Each included recommendations for revising programs and policies
5. Each used a task force to complete the review

STRATEGY PLANNING WORKSHEET

Use this worksheet or download a copy to capture your thoughts about your current strategies and new ones you'd like to explore. Keep in mind:
Priorities: Which alcohol-related issues are of most concern to your campus? Make sure your school's needs and goals are well defined, and keep them front and center as you fill in the worksheet.
Effectiveness: Does research show that your current strategies are effective in addressing your priority issues? Might others be more effective?
Balance: Realistically assess what you can do with your available resources. Strike a balance, if possible, between individual- and environmental-level strategies, and between strategies that will face few barriers and can be put in place quickly and others that may take longer to implement. Consider the financial cost relative to the program's expected effectiveness and the approximate percentage of the student body that the strategy will reach.

Reviewing Your Current Campus AOD Prevention Program

- ▶ Begin Data Collection/Analysis Where You/Your Campus Is
- ▶ Consider including process summary/performance metrics/utilization for each program/intervention:
 - ▶ # of times program/intervention delivered
 - ▶ # of students/staff/faculty participating/attending
 - ▶ Demographic breakdown of attendees
 - ▶ Satisfaction survey results
 - ▶ Process Summary Comments/Remarks given by those delivering/administering the program
 - ▶ Financial Costs of the program

Reviewing Your Current Campus AOD Prevention Program

- ▶ Begin Data Collection/Analysis Where You/Your Campus Is
- ▶ Assessment vs Evaluation vs Research
 - ▶ Assessment
 - ▶ The collection, analysis, and interpretation of context-specific data to inform the effectiveness of programs and services; usually guided by theory
 - ▶ Usually internally funded and for an internal audience
 - ▶ Focuses on sharing findings and offering interpretation of application
 - ▶ Evaluation
 - ▶ The use of assessment data to determine effectiveness
 - ▶ Evaluation requires a judgement to be made – Good/Bad. It worked/It didn't work
 - ▶ Research
 - ▶ The collection, analysis, and interpretation of data to add to the generalizable knowledge of the scientific community
 - ▶ Usually externally funded and for an external audience

Reviewing Your Current Campus AOD Prevention Program

- ▶ Assessment data on student learning outcomes, attitudinal changes, behavior changes gained through programs
- ▶ Evaluation and Research data collected through programs

•Conduct a biennial review to measure the effectiveness of its drug and alcohol abuse education and prevention programs. The University of South Alabama was required to describe the research methods and data analysis tools that will be used to determine the effectiveness of the program as well as the responsible official or office that will conduct the review. Finally, the biennial review report was to be approved by the University's chief executive and/or its board. The biennial review was to be completed by June 1, 2015 and was to be submitted to the Department by June 15, 2015; and,

Reviewing Your Current Campus AOD Policies

- ▶ Identify and compile all alcohol and other drug related policies for students, staff and faculty
- ▶ Look for redundancy, consistency, inconsistency in language

A dark grey arrow points to the right from the left edge of the slide. Several thin, light blue lines curve upwards from the bottom left towards the title area.

Reviewing Your Current Campus AOD Policies

- ▶ Assess how consistently enforced are the policies
- ▶ Assess if everyone, regardless of affiliation, is held to the same policy standards and offered the same interventions
- ▶ Assess how effective are policies at moving the IHE toward its AOD goals and outcomes

Policy Inventory

- ▶ Measuring Enforcement Consistency
 - ▶ DOE/HEC recommends submitting a chart that ID's each case and presents particulars of each offense
 - ▶ Documenting level of effort expended to detect violations
 - ▶ Document level of expertise of those responsible for detecting/adjudicating AOD offenses

Using the BR as a Tool to Leverage Your Comprehensive Program

- ▶ The real purpose of the BR process is to demonstrate that you have and/or are working to have an effective AOD prevention program in place, not necessarily bragging about successes.
- ▶ Important to share why substance use comprehensive program is important and relevant in light of today's pressing priorities
- ▶ Can help address misperceptions about substance use and what the institution is doing to address this issue
- ▶ Important to share what you have found is working
- ▶ Important to share what you intend to do to maintain
- ▶ Important to share what you have found is not working
- ▶ Important to share what is needed to improve
- ▶ Important to share what support and assistance is needed by specific groups

Possible Audiences

- ▶ Divisional Gatherings/Meetings
- ▶ Governing Bodies and Councils
- ▶ Local Community Organizations and Groups
- ▶ Town Hall Meetings (SAMHSA Communities Talk Town Hall Meetings)

The Next Biennium

- ▶ The BR Process provides a road map with shared/institutionalized goals and objectives
- ▶ Helps with priorities and focus
- ▶ Gives a starting point for the next biennium review
- ▶ On-going process
- ▶ Some campuses collect data annually to help remind others

What Do I Do With the Biennial Report & DAAPP Notice

- ▶ Unless requested, we currently do not send to Dept of Ed.
- ▶ Send copy to President/Senior Level Administrator for signature/certification
- ▶ Send signed copy to Financial Aid
- ▶ Send copy to grant's office
- ▶ Copies to places where someone would think that an alcohol report would be obtained
- ▶ Place on-line for public access (many schools are doing, but at this time, it is not required)
