COLLOQUIUM TALK

Speaker: Kamlesh Parwani (EIU)

Old Main 2210

## Pathological Foliations of the Square

### Abstract:

If you want to “prepare” for the talk, look up Fubini’s Theorem (from Calculus) on Wikipedia.

This talk will discuss a paper of John Milnor about a result of A. Katok. [J. Milnor, “Fubini foiled: Katok’s paradoxical example in measure theory”, *Math. Intelligencer* 19 (1997), no. 2, 30-32.] Unfortunately, A. Katok passed away recently, and this talk is dedicated to his memory.

SNACKS IN FACULTY LOUNGE AT 3:30 PM.  
EVERYONE WELCOME (EVEN IF YOU ARE UNABLE TO ATTEND THE TALK)
